### LIST OF COPYRIGHT RENEWALS

## 1911

NEW SERIES, VOLUME 6, NO. 1

WASHINGTON

GOVERNMENT PRINTING OFFICE

1911

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

---

THE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued monthly. The entries are arranged alphabetically by titles. The place of publication is only given when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt.

A list of the copyright renewals and extensions made for periodicals since July 1, 1909, will be found at the end of this issue, immediately following the text.

Following the list of renewals will be found a list of the duplicate periodicals which, under the provisions of section 60 of the copyright act of March 4, 1909, may now be returned to such copyright proprietors as would desire to withdraw these periodicals. See page —.

---

Each number has an index to proprietors. The December number, completing the volume, has a full annual index to both titles and proprietors. The subscription price must be for the complete calendar year, and for Part 2 (Periodicals) is $0.50 for 1911, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

## NOTICE.

### The Return to Copyright Claimants of Copyright Periodicals.

Sections 59 and 60 of the "Act to amend and consolidate the acts respecting copyright" provide as follows:

SEC. 59. That of the articles deposited in the copyright office under the provisions of the copyright laws of the United States or of this act, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress, including the law library, and what other books or articles shall be placed in the reserve collections of the Library of Congress for sale or exchange, or be transferred to other governmental libraries in the District of Columbia for use therein.

SEC. 60. That of any articles undisposed of as above provided, together with all titles and correspondence relating thereto, the Librarian of Congress and the register of copyrights jointly shall, at suitable intervals, determine what of these received during any period of years it is desirable or useful to preserve in the permanent files of the copyright office, and, after due notice as hereinafter provided, may within their discretion cause the remaining articles and other things to be destroyed: *Provided*, That there shall be printed in the Catalogue of Copyright Entries from February to November, inclusive, a statement of the years of receipt of such articles and a notice to permit any author, copyright proprietor, or other lawful claimant to claim and remove before the expiration of the month of December of that year anything found which relates to any of his productions deposited or registered for copyright within the period of years stated, not reserved or disposed of as provided for in this act: *And provided further*, That no manuscript of an unpublished work shall be destroyed during its term of copyright without specific notice to the copyright proprietor of record, permitting him to claim and remove it.

In compliance with the above-cited provisions of law,

**Notice is hereby given** to the copyright proprietor, or other lawful claimant of any periodical deposited for copyright registration in the office of the Librarian of Congress during the years 1870 to 1879, inclusive, that any such copyright proprietor or other lawful claimant may send to the Register of Copyrights his full name, the full title of the periodical, the year in which copyright registration was made, and, if possible, the number under which such periodical was entered for copyright, with a request for its return. On receipt of such information and request such periodical will be returned to the copyright proprietor or other lawful claimant unless it has been otherwise disposed of according to law.

Application for the return of such periodical should be made as early as possible during the year 1911. If no such application has been received during said year, such periodical may be disposed of in accordance with the provisions of section 60 of said act.

## 1911

NEW SERIES, VOLUME 6, NO. 2

WASHINGTON

GOVERNMENT PRINTING OFFICE

1911

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

---

THE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued monthly. The entries are arranged alphabetically by titles. The place of publication is only given when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt.

A list of the copyright renewals and extensions made for periodicals since July 1, 1909, will be found at the end of this issue, immediately following the text.

On page iv will be found a list of the duplicate periodicals which, under the provisions of section 60 of the copyright act of March 4, 1909, may now be returned to such copyright proprietors as would desire to withdraw them.

---

Each number has an index to proprietors. The December number, completing the volume, has a full annual index to both titles and proprietors. The subscription price must be for the complete calendar year, and for Part 2 (Periodicals) is $0.50 for 1911, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

## NOTICE.

### The Return to Copyright Claimants of Copyright Periodicals.

Sections 59 and 60 of the "Act to amend and consolidate the acts respecting copyright" provide as follows:

SEC. 59. That of the articles deposited in the copyright office under the provisions of the copyright laws of the United States or of this act, Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress, including the law library, and what other books or articles shall be placed in the reserve collections of the Library of Congress for sale or exchange, or be transferred to other governmental libraries in the District of Columbia for use therein.

SEC. 60. That of any articles undisposed of as above provided, together with all titles and correspondence relating thereto, the Librarian of Congress and the register of copyrights jointly shall, at suitable intervals, determine what of these received during any period of years it is desirable or useful to preserve in the permanent files of the copyright office, and, after due notice as hereinafter provided, may within their discretion cause the remaining articles and other things to be destroyed: *Provided*, That there shall be printed in the Catalogue of Copyright Entries from February to November, inclusive, a statement of the years of receipt of such articles and a notice to permit any author, copyright proprietor, or other lawful claimant to claim and remove before the expiration of the month of December of that year anything found which relates to any of his productions deposited or registered for copyright within the period of years stated, not reserved or disposed of as provided for in this act: *And provided further*, That no manuscript of an unpublished work shall be destroyed during its term of copyright without specific notice to the copyright proprietor of record, permitting him to claim and remove it.

In compliance with the above-cited provisions of law,

**Notice is hereby given** to the copyright proprietor or other lawful claimant of any periodical deposited for copyright registration in the office of the Librarian of Congress during the years 1870 to 1879, inclusive, that any such copyright proprietor or other lawful claimant may send to the Register of Copyrights his full name, the full title of the periodical, the year in which copyright registration was made, and, if possible, the number under which such periodical was entered for copyright, with a request for its return. On receipt of such information and request such periodical will be returned to the copyright proprietor or other lawful claimant unless it has been otherwise disposed of according to law.

Application for the return of such periodical should be made as early as possible during the year 1911. If no such application has been received during said year, such periodical may be disposed of in accordance with the provisions of section 60 of said act.

### LIST OF COPYRIGHT RENEWALS

1911

NEW SERIES, VOLUME 6, NO. 3

WASHINGTON
1911

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

---

THE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued monthly. The entries are arranged alphabetically by titles. The place of publication is only given when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt.

A list of the copyright renewals and extensions made for periodicals since July 1, 1909, will be found at the end of this issue, immediately following the text.

On page iv will be found a list of the duplicate periodicals which, under the provisions of section 60 of the copyright act of March 4, 1909, may now be returned to such copyright proprietors as would desire to withdraw them.

---

Each number has an index to proprietors. The December number, completing the volume, has a full annual index to both titles and proprietors. The subscription price must be for the complete calendar year, and for Part 2 (Periodicals) is $0.50 for 1911, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

## NOTICE.

### The Return to Copyright Claimants of Copyright Periodicals.

Sections 59 and 60 of the "Act to amend and consolidate the acts respecting copyright" provide as follows:

SEC. 59. That of the articles deposited in the copyright office under the provisions of the copyright laws of the United States or of this act, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress, including the law library, and what other books or articles shall be placed in the reserve collections of the Library of Congress for sale or exchange, or be transferred to other governmental libraries in the District of Columbia for use therein.

SEC. 60. That of any articles undisposed of as above provided, together with all titles and correspondence relating thereto, the Librarian of Congress and the register of copyrights jointly shall, at suitable intervals, determine what of these received during any period of years it is desirable or useful to preserve in the permanent files of the copyright office, and, after due notice as hereinafter provided, may within their discretion cause the remaining articles and other things to be destroyed: *Provided*, That there shall be printed in the Catalogue of Copyright Entries from February to November, inclusive, a statement of the years of receipt of such articles and a notice to permit any author, copyright proprietor, or other lawful claimant to claim and remove before the expiration of the month of December of that year anything found which relates to any of his productions deposited or registered for copyright within the period of years stated, not reserved or disposed of as provided for in this act: *And provided further*, That no manuscript of an unpublished work shall be destroyed during its term of copyright without specific notice to the copyright proprietor of record, permitting him to claim and remove it.

In compliance with the above-cited provisions of law,

**Notice is hereby given** to the copyright proprietor, or other lawful claimant of any periodical deposited for copyright registration in the office of the Librarian of Congress during the years 1870 to 1879, inclusive, that any such copyright proprietor or other lawful claimant may send to the Register of Copyrights his full name, the full title of the periodical, the year in which copyright registration was made, and, if possible, the number under which such periodical was entered for copyright, with a request for its return. On receipt of such information and request such periodical will be returned to the copyright proprietor or other lawful claimant unless it has been otherwise disposed of according to law.

Application for the return of such periodical should be made as early as possible during the year 1911. If no such application has been received during said year, such periodical may be disposed of in accordance with the provisions of section 60 of said act.

### LIST OF COPYRIGHT RENEWALS

1911

NEW SERIES, VOLUME 6, NO. 4

WASHINGTON
1911

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

---

THE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued monthly. The entries are arranged alphabetically by titles. The place of publication is only given when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt.

A list of the copyright renewals and extensions made for periodicals since July 1, 1909, will be found at the end of this issue, immediately following the text.

On page iv will be found a list of the duplicate periodicals which, under the provisions of section 60 of the copyright act of March 4, 1909, may now be returned to such copyright proprietors as shall desire to withdraw them.

---

Each number has an index to proprietors. The December number, completing the volume, has a full annual index to both titles and proprietors. The subscription price must be for the complete calendar year, and for Part 2 (Periodicals) is $0.50 for 1911, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

## NOTICE.

### The Return to Copyright Claimants of Copyright Periodicals.

Sections 59 and 60 of the "Act to amend and consolidate the acts respecting copyright" provided as follows:

SEC. 59. That of the articles deposited in the copyright office under the provisions of the copyright laws of the United States or of this act, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress, including the law library, and what other books or articles shall be placed in the reserve collections of the Library of Congress for sale or exchange, or be transferred to other governmental libraries in the District of Columbia for use therein.

SEC. 60. That of any articles undisposed of as above provided, together with all titles and correspondence relating thereto, the Librarian of Congress and the register of copyrights jointly shall, at suitable intervals, determine what of these received during any period of years it is desirable or useful to preserve in the permanent files of the copyright office, and, after due notice as hereinafter provided, may within their discretion cause the remaining articles and other things to be destroyed: *Provided*, That there shall be printed in the Catalogue of Copyright Entries from February to November, inclusive, a statement of the years of receipt of such articles and a notice to permit any author, copyright proprietor, or other lawful claimant to claim and remove before the expiration of the month of December of that year anything found which relates to any of his productions deposited or registered for copyright within the period of years stated, not reserved or disposed of as provided for in this act: *And provided further*, That no manuscript of an unpublished work shall be destroyed during its term of copyright without specific notice to the copyright proprietor of record, permitting him to claim and remove it.

In compliance with the above-cited provisions of law,

**Notice is hereby given** to the copyright proprietor or other lawful claimant of any periodical deposited for copyright registration in the office of the Librarian of Congress during the years 1870 to 1879, inclusive, that any such copyright proprietor or other lawful claimant may send to the register of copyrights his full name, the full title of the periodical, the year in which copyright registration was made, and, if possible, the number under which such periodical was entered for copyright, with a request for its return. On receipt of such information and request such periodical will be returned to the copyright proprietor or other lawful claimant unless it has been otherwise disposed of according to law.

Application for the return of such periodical should be made as early as possible during the year 1911. If no such application has been received during said year, such periodical may be disposed of in accordance with the provisions of section 60 of said act.

### LIST OF COPYRIGHT RENEWALS

1911

NEW SERIES, VOLUME 6, NO. 5

WASHINGTON
1911

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

---

THE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued monthly. The entries are arranged alphabetically by titles. The place of publication is only given when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt.

A list of the copyright renewals and extensions made for periodicals since July 1, 1909, will be found at the end of this issue, immediately following the text.

On page iv will be found a list of the duplicate periodicals which, under the provisions of section 60 of the copyright act of March 4, 1909, may now be returned to such copyright proprietors as shall desire to withdraw them.

---

Each number has an index to proprietors. The December number, completing the volume, has a full annual index to both titles and proprietors. The subscription price must be for the complete calendar year, and for Part 2 (Periodicals) is $0.50 for 1911, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

## NOTICE.

### LIST OF COPYRIGHT RENEWALS

1911

NEW SERIES, VOLUME 6, NO. 6

WASHINGTON
GOVERNMENT PRINTING OFFICE
1911

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

---

THE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued monthly. The entries are arranged alphabetically by titles. The place of publication is only given when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt.

A list of the copyright renewals and extensions made for periodicals since July 1, 1909, will be found at the end of this issue, immediately following the text.

On page iv will be found a list of the duplicate periodicals which, under the provisions of section 60 of the copyright act of March 4, 1909, may now be returned to such copyright proprietors as shall desire to withdraw them.

---

Each number has an index to proprietors. The December number, completing the volume, has a full annual index to both titles and proprietors. The subscription price must be for the complete calendar year, and for Part 2 (Periodicals) is $0.50 for 1911, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

By the President of the United States of America

## A PROCLAMATION.

Whereas it is provided by the Act of Congress of March 4, 1909, entitled 'An Act to amend and consolidate the Acts respecting copyright," that the benefits of said Act, excepting certain of the benefits under section 1(e) thereof, as to which special conditions are imposed, shall extend to the work of an author or proprietor who is a citizen or subject of a foreign state or nation, only upon certain conditions set forth in section 8 of said Act, to wit:

(a) When an alien author or proprietor shall be domiciled within the United States at the time of the first publication of his work; or

(b) When the foreign state or nation of which such author or proprietor is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States the benefit of copyright on substantially the same basis as to its own citizens, or copyright protection substantially equal to the protection secured to such foreign author under this Act or by treaty; or when such foreign state or nation is a party to an international agreement which provides for reciprocity in the granting of copyright, by the terms of which agreement the United States may, at its pleasure, become a party thereto:

And whereas it is also provided by said section that "The existence of the reciprocal conditions aforesaid shall be determined by the President of the United States, by proclamation made from time to time, as the purposes of this Act may require";

And whereas the King of Sweden has declared, under authority of law, that from and after June 1, 1911, citizens of the United States shall be entitled to all the benefits conferred by the copyright law of Sweden:

Now, therefore, I, William Howard Taft, President of the United States of America, do declare and proclaim that one of the alternative conditions specified in section 8 of the Act of March 4, 1909, will be fulfilled in respect to the subjects of Sweden on June 1, 1911, and that the subjects of Sweden from and after that date will be entitled to all of the benefits of the said Act except under section 1 (e) thereof controlling the mechanical reproduction of a copyrighted musical work.

In testimony whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington this twenty-sixth day of May, in the year of our Lord one thousand nine [SEAL.] hundred and eleven, and of the Independence of the United States of America the one hundred and thirty-fifth.

Wm. H. Taft.

By the President:
P. C. Knox,
*Secretary of State.*

## CUBA.

According to information received from the Secretary of State, a bill has been introduced in the Cuban Chamber of Representatives to abrogate Articles 1 and 3 of the United States Military Order No. 119, of March 19, 1900, as well as that part of Article 2 of Order No. 160, of June 13, 1901, which refers to copyright.

Protection is accorded to native and foreign authors in Cuba by the Spanish law of January 10, 1879, in regard to intellectual property, still in force; and the further protection accorded foreign authors will depend upon reciprocity agreements or treaties.

### LIST OF COPYRIGHT RENEWALS

1911

NEW SERIES, VOLUME 6, NO. 7

WASHINGTON
1911

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued monthly. The entries are arranged alphabetically by titles. The place of publication is only given when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "C" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt.

A list of the copyright renewals and extensions made for periodicals since July 1, 1909, will be found at the end of this issue, immediately following the text.

On page iv will be found a list of the duplicate periodicals which, under the provisions of section 60 of the copyright act of March 4, 1909, may now be returned to such copyright proprietors as shall desire to withdraw them.

---

Each number has an index to proprietors. The December number, completing the volume, has a full annual index to both titles and proprietors. The subscription price must be for the complete calendar year, and for Part 2 (Periodicals) is $0.50 for 1911, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

## NOTICE.

### The Return to Copyright Claimants of Copyright Periodicals.

Sections 59 and 60 of the "Act to amend and consolidate the acts respecting copyright" provided as follows:

SEC. 59. That of the articles deposited in the copyright office under the provisions of the copyright laws of the United States or of this act, Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress, including the law library, and what other books or articles shall be placed in the reserve collections of the Library of Congress for sale or exchange, or be transferred to other governmental libraries in the District of Columbia for use therein.

SEC. 60. That of any articles undisposed of as above provided, together with all titles and correspondence relating thereto, the Librarian of Congress and the Register of Copyrights jointly shall, at suitable intervals, determine what of these received during any period of years it is desirable or useful to preserve in the permanent files of the copyright office, and, after due notice as hereinafter provided, may within their discretion cause the remaining articles and other things to be destroyed: *Provided*, That there shall be printed in the Catalogue of Copyright Entries from February to November, inclusive, a statement of the years of receipt of such articles and a notice to permit any author, copyright proprietor, or other lawful claimant to claim and remove before the expiration of the month of December of that year anything found which relates to any of his productions deposited or registered for copyright within the period of years stated, not reserved or disposed of as provided for in this act: *And provided further*, That no manuscript of an unpublished work shall be destroyed during its term of copyright without specific notice to the copyright proprietor of record, permitting him to claim and remove it.

In compliance with the above-cited provisions of law,

**Notice is hereby given** to the copyright proprietor or other lawful claimant of any periodical deposited for copyright registration in the Office of the Librarian of Congress during the years 1870 to 1879, inclusive, that any such copyright proprietor or other lawful claimant may send to the Register of Copyrights his full name, the full title of the periodical, the year in which copyright registration was made, and, if possible, the number under which such periodical was entered for copyright, with a request for its return. On receipt of such information and request such periodical will be returned to the copyright proprietor or other lawful claimant unless it has been otherwise disposed of according to law.

Application for the return of such periodical should be made as early as possible during the year 1911. If no such application has been received during said year, such periodical may be disposed of in accordance with the provisions of section 60 of said act.

THORVALD SOLBERG,

### LIST OF COPYRIGHT RENEWALS

1911

NEW SERIES, VOLUME 6, NO. 8

WASHINGTON
1911

The Act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

---

THE Catalogue of Copyright Entries is published in four parts. Part *2*, containing the entries for periodicals, including newspapers, is issued monthly. The entries are arranged alphabetically by titles. The place of publication is only given when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt.

A list of the copyright renewals and extensions made for periodicals since July 1, 1909, will be found at the end of this issue, immediately following the text.

On page iv will be found a list of the duplicate periodicals which, under the provisions of section 60 of the copyright act of March 4, 1909, may now be returned to such copyright proprietors as shall desire to withdraw them.

---

Each number has an index to proprietors. The December number, completing the volume, has a full annual index to both titles and proprietors. The subscription price must be for the complete calendar year, and for Part 2 (Periodicals) is $0.50 for 1911, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

## NOTICE.

### The Return to Copyright Claimants of Copyright Periodicals.

Sections 59 and 60 of the "Act to amend and consolidate the acts respecting copyright" provided as follows:

SEC. 59. That of the articles deposited in the copyright office under the provisions of the copyright laws of the United States or of this Act, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress, including the law library, and what other books or articles shall be placed in the reserve collections of the Library of Congress for sale or exchange, or be transferred to other governmental libraries in the District of Columbia for use therein.

SEC. 60. That of any articles undisposed of as above provided, together with all titles and correspondence relating thereto, the Librarian of Congress and the register of copyrights jointly shall, at suitable intervals, determine what of these received during any period of years it is desirable or useful to preserve in the permanent files of the copyright office, and, after due notice as hereinafter provided, may within their discretion cause the remaining articles and other things to be destroyed: *Provided*, That there shall be printed in the Catalogue of Copyright Entries from February to November, inclusive, a statement of the years of receipt of such articles and a notice to permit any author, copyright proprietor, or other lawful claimant to claim and remove before the expiration of the month of December of that year anything found which relates to any of his productions deposited or registered for copyright within the period of years stated, not reserved or disposed of as provided for in this Act: *And provided further*, That no manuscript of an unpublished work shall be destroyed during its term of copyright without specific notice to the copyright proprietor of record, permitting him to claim and remove it.

In compliance with the above-cited provisions of law,

**Notice is hereby given** to the copyright proprietor or other lawful claimant of any periodical deposited for copyright registration in the office of the Librarian of Congress during the years 1870 to 1879, inclusive, that any such copyright proprietor or other lawful claimant may send to the Register of Copyrights his full name, the full title of the periodical, the year in which copyright registration was made, and, if possible, the number under which such periodical was entered for copyright, with a request for its return. On receipt of such information and request such periodical will be returned to the copyright proprietor or other lawful claimant unless it has been otherwise disposed of according to law.

Application for the return of such periodical should be made as early as possible during the year 1911. If no such application has been received during said year, such periodical may be disposed of in accordance with the provisions of section 60 of said act.

THORVALD SOLBERG,
*Register of Copyrights.*

THE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued monthly. The entries are arranged alphabetically by titles. The place of publication is only given when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt.

On page iv will be found a list of the duplicate periodicals which, under the provisions of section 60 of the copyright act of March 4, 1909, may now be returned to such copyright proprietors as shall desire to withdraw them.

---

Each number has an index to proprietors. The December number, completing the volume, has a full annual index to both titles and proprietors. The subscription price must be for the complete calendar year, and for Part 2 (Periodicals) is $0.50 for 1911, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

NEW SERIES, VOLUME 6, NO. 10

---

WASHINGTON
1911

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

---

THE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued monthly. The entries are arranged alphabetically by titles. The place of publication is only given when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt.

A list of the copyright renewals and extensions made for periodicals since July 1, 1909, will be found at the end of this issue, immediately following the text.

On page iv will be found a list of the duplicate periodicals which, under the provisions of section 60 of the copyright act of March 4, 1909, may now be returned to such copyright proprietors as shall desire to withdraw them.

---

Each number has an index to proprietors. The December number, completing the volume, has a full annual index to both titles and proprietors. The subscription price must be for the complete calendar year, and for Part 2 (Periodicals) is $0.50 for 1911, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

## NOTICE.

### The Return to Copyright Claimants of Copyright Periodicals.

Sections 59 and 60 of the "Act to amend and consolidate the acts respecting copyright" provided as follows:

SEC. 59. That of the articles deposited in the copyright office under the provisions of the copyright laws of the United States or of this Act, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress, including the law library, and what other books or articles shall be placed in the reserve collections of the Library of Congress for sale or exchange, or be transferred to other governmental libraries in the District of Columbia for use therein.

SEC. 60. That of any articles undisposed of as above provided, together with all titles and correspondence relating thereto, the Librarian of Congress and the register of copyrights jointly shall, at suitable intervals, determine what of these received during any period of years it is desirable or useful to preserve in the permanent files of the copyright office, and, after due notice as hereinafter provided, may within their discretion cause the remaining articles and other things to be destroyed: *Provided*, That there shall be printed in the Catalogue of Copyright Entries from February to November, inclusive, a statement of the years of receipt of such articles and a notice to permit any author, copyright proprietor, or other lawful claimant to claim and remove before the expiration of the month of December of that year anything found which relates to any of his productions deposited or registered for copyright within the period of years stated, not reserved or disposed of as provided for in this Act: *And provided further*, That no manuscript of an unpublished work shall be destroyed during its term of copyright without specific notice to the copyright proprietor of record, permitting him to claim and remove it.

In compliance with the above-cited provisions of law,

**Notice is hereby given** to the copyright proprietor or other lawful claimant of any periodical deposited for copyright registration in the office of the Librarian of Congress during the years 1870 to 1879, inclusive, that any such copyright proprietor or other lawful claimant may send to the Register of Copyrights his full name, the full title of the periodical, the year in which copyright registration was made, and, if possible, the number under which such periodical was entered for copyright, with a request for its return. On receipt of such information and request such periodical will be returned to the copyright proprietor or other lawful claimant unless it has been otherwise disposed of according to law.

Application for the return of such periodical should be made as early as possible during the year 1911. If no such application has been received during said year, such periodical may be disposed of in accordance with the provisions of section 60 of said Act.

### LIST OF COPYRIGHT RENEWALS

## 1911

NEW SERIES, VOLUME 6, NO. 11

WASHINGTON
1911

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

---

THE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued monthly. The entries are arranged alphabetically by titles. The place of publication is only given when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt.

A list of the copyright renewals and extensions made for periodicals since July 1, 1909, will be found at the end of this issue, immediately following the text.

On page iv will be found a list of the duplicate periodicals which, under the provisions of section 60 of the copyright act of March 4, 1909, may now be returned to such copyright proprietors as shall desire to withdraw them.

---

Each number has an index to proprietors. The December number, completing the volume, has a full annual index to both titles and proprietors. The subscription price must be for the complete calendar year, and for Part 2 (Periodicals) is $0.50 for 1911, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

## NOTICE.

### The Return to Copyright Claimants of Copyright Periodicals.

Sections 59 and 60 of the "Act to amend and consolidate the acts respecting copyright" provided as follows:

SEC. 59. That of the articles deposited in the copyright office under the provisions of the copyright laws of the United States or of this Act, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress, including the law library, and what other books or articles shall be placed in the reserve collections of the Library of Congress for sale or exchange, or be transferred to other governmental libraries in the District of Columbia for use therein.

SEC. 60. That of any articles undisposed of as above provided, together with all titles and correspondence relating thereto, the Librarian of Congress and the register of copyrights jointly shall, at suitable intervals, determine what of these received during any period of years it is desirable or useful to preserve in the permanent files of the copyright office, and, after due notice as hereinafter provided, may within their discretion cause the remaining articles and other things to be destroyed: *Provided*, That there shall be printed in the Catalogue of Copyright Entries from February to November, inclusive, a statement of the years of receipt of such articles and a notice to permit any author, copyright proprietor, or other lawful claimant to claim and remove before the expiration of the month of December of that year anything found which relates to any of his productions deposited or registered for copyright within the period of years stated, not reserved or disposed of as provided for in this Act: *And provided further*, That no manuscript of an unpublished work shall be destroyed during its term of copyright without specific notice to the copyright proprietor of record, permitting him to claim and remove it.

In compliance with the above-cited provisions of law,

**Notice is hereby given** to the copyright proprietor or other lawful claimant of any periodical deposited for copyright registration in the office of the Librarian of Congress during the years 1870 to 1879, inclusive, that any such copyright proprietor or other lawful claimant may send to the Register of Copyrights his full name, the full title of the periodical, the year in which copyright registration was made, and, if possible, the number under which such periodical was entered for copyright, with a request for its return. On receipt of such information and request such periodical will be returned to the copyright proprietor or other lawful claimant unless it has been otherwise disposed of according to law.

Application for the return of such periodical should be made as early as possible during the year 1911. If no such application has been received during said year, such periodical may be disposed of in accordance with the provisions of section 60 of said Act.

THORVALD SOLBERG,
*Register of Copyrights.*

NEW SERIES, VOLUME 6, NO. 12

This number contains the Volume Index

WASHINGTON
1912

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

---

THE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued monthly. The entries are arranged alphabetically by titles. The place of publication is only given when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt.

A list of the periodicals, of which the subsisting copyright has been renewed and extended under section 24 of the act of March 4, 1909, will be found at the end of this issue, immediately following the text.

On page iv will be found a list of the duplicate periodicals which, under the provisions of section 60 of the copyright act of March 4, 1909, may now be returned to such copyright proprietors as would desire to withdraw these periodicals.

---

This issue contains the annual index to both titles and proprietors. The subscription price must be for the complete calendar year, and for Part 2 (Periodicals) is $0.50 for 1912, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

## NOTICE.

### The Return to Copyright Claimants of Copyright Periodicals.

Sections 59 and 60 of the "Act to amend and consolidate the acts respecting copyright" provided as follows:

SEC. 59. That of the articles deposited in the copyright office under the provisions of the copyright laws of the United States or of this act, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress, including the law library, and what other books or articles shall be placed in the reserve collections of the Library of Congress for sale or exchange, or be transferred to other governmental libraries in the District of Columbia for use therein.

SEC. 60. That of any articles undisposed of as above provided, together with all titles and correspondence relating thereto, the Librarian of Congress and the Register of Copyrights jointly shall, at suitable intervals, determine what of these received during any period of years it is desirable or useful to preserve in the permanent files of the copyright office, and, after due notice as hereinafter provided, may within their discretion cause the remaining articles and other things to be destroyed: *Provided*, That there shall be printed in the Catalogue of Copyright Entries from February to November, inclusive, a statement of the years of receipt of such articles and a notice to permit any author, copyright proprietor, or other lawful claimant to claim and remove before the expiration of the month of December of that year anything found which relates to any of his productions deposited or registered for copyright within the period of years stated, not reserved or disposed of as provided for in this act: *And provided further*, That no manuscript of an unpublished work shall be destroyed during its term of copyright without specific notice to the copyright proprietor of record, permitting him to claim and remove it.

In compliance with the above-cited provisions of law,

**Notice is hereby given** to the copyright proprietor or other lawful claimant of any periodical deposited for copyright registration in the office of the Librarian of Congress during the years 1870 to 1879, inclusive, that any such copyright proprietor or other lawful claimant may send to the Register of Copyrights his full name, the full title of the periodical, the year in which copyright registration was made, and, if possible, the number under which such periodical was entered for copyright, with a request for its return. On receipt of such information and request such periodical will be returned to the copyright proprietor or other lawful claimant unless it has been otherwise disposed of according to law.

Application for the return of such periodical should be made as early as possible during the year 1911. If no such application has been received during said year, such periodical may be disposed of in accordance with the provisions of section 60 of said act.
